Located in southwestern Africa, Namibia boasts a well-developed infrastructure, some of the best tourist facilities in Africa, and an impressive list of breathtaking natural wonders. Visitors can explore the capital of Windhoek and discover the lovely coastal town of Swakopmund boasting remnants of the country's German influence, reflected in the architecture, culture, cuisine and the annual Oktoberfest celebrations. To properly appreciate this extraordinary country, you will have to venture out of the cities to explore the remarkable natural landscapes Namibia has to offer. These include: the impressive Fish River Canyon; the vast Etosha National Park teeming with abundant wildlife, such as lions, desert-adapted elephants and the Hartmann's Mountain Zebra; the hauntingly beautiful Kalahari Desert; and of course the Namib Desert stretching for over 2000 km along the magnificent Atlantic Coast. Namibia is an ideal destination for travellers seeking an unforgettable African experience in a uniquely beautiful untamed wilderness.

Located just south of the boundary of Etosha National Park in northwestern Namibia, Etosha South makes up the southern region of this wild paradise. The area is comprised of a collection of world class private game reserves. The national park can be accessed via the southern entrance at Andersson's Gate. Visitors can catch a glimpse of a variety of wildlife including: lion, giraffe, elephant, white and black rhino, and a multitude of plains game. Activities

	Okahandja Craft Market - South
Afternoon	Etosha Game Drive

Okahandja Craft Market - South

This craft market is Okahandja's best known tourist attraction. Woodcarvers from all over, and as far as the Kavango Region of north-eastern Namibia, who practice their ancient skills come here to sell their goods. Since wood is not resistant to the wear and tear of time, wood sculptures survive less well than other forms of art and are therefore an important hidden element in the art history of many cultures. The wood-and-thatch market is situated next to the main road at the town's entrance and exit. Choose from a wide variety of hand-carved wooden artifacts such as animals, bowls or jewelry boxes.

Etosha Game Drive

Game drive through Etosha National Park searching for predators, plains game, reptiles & birds.

Game drives are conducted in custom built safari vehicles with a pop-up roof and large opening windows to maximize photographic opportunities.

Depending on the time of year, these game drives take many different routes, but most often focus around the waterholes where you are most likely to see a variety of wildlife taking the chance to get a drink and swim.

Day 2: Toshari Lodge (Etosha Gateway), Etosha South

Day Itinerary

After Breakfast; Embark on an Extraordinary Etosha National Park Adventure - Where Wildlife Roams Free.

Enter a world where wildlife roams free, and nature reigns supreme. In Etosha, you'll have the opportunity to witness Africa's iconic animals up close - from mighty elephants and graceful giraffes to regal lions and elusive leopards. Keep your camera ready as you capture these magnificent creatures in their natural habitat.

Etosha is dotted with numerous waterholes that serve as natural oases in the vast wilderness. Sit quietly at the water's edge, and be rewarded with the sight of a fascinating array of animals quenching their thirst - a spectacle you won't want to miss.

Etosha's diverse landscapes are a photographer's dream. From shimmering salt pans that stretch as far as the eye can see to vast grasslands and mopane woodlands, each corner of the park offers breathtaking vistas that evoke a sense of awe. Etosha is a haven for bird enthusiasts, with over 340 bird species gracing its skies. From striking raptors to vibrant flamingos and elegant ostriches, the park's avian diversity promises an unforgettable birdwatching experience.

Our experienced guides will lead you on thrilling game drives, sharing their wealth of knowledge about the wildlife, plant life, and the delicate ecosystems that make Etosha so extraordinary.

We offer you time to observe the animals! If you happen to be a photo enthusiast, bring along your equipment and patience to capture the unusual encounters of wildlife. You will be able to observe the groups of springboks, zebras, etc., but also the rarer species such as the black-faced impala (endemic to Namibia) or the dik-diks, the smallest African antelope. The interaction between the animals around the waterholes is often very magical in the Etosha, where you might just come across the path of a leopard or a group of lionesses hunting!

After a lunch break, it is in the animal park of Etosha that we will continue our day. You will discover abundant wildlife that you can observe on the "pan" or around the many water points of the reserve. Your guide will give you information on the species encountered.

You will take on the animal safari with your guide in your own vehicle around the park. Etosha was established in 1907, Etosha is home to 114 mammal species and more than 340 bird species.

This park is one of the largest game reserves in the world. Take full advantage of this moment to make sure that you make the most out of this safari and do not forget your binoculars too long: we never tire of scanning the horizon for having flushed a cat under an acacia or a troop of elephants strolling nonchalantly through the huge Salt Lake that gave his name at the park.

Travel Information

General Information

CLIMATE & WEATHER:

Namibia is an all year round destination, but climate and temperatures vary throughout the year according to the different seasons. Here is an indication of the different times of the year and what to expect:

Dry Season – May to October (Winter)

May – Rains have ceased and therefore scenery is lovely and green. During the day temperatures are moderate (24 - 28°C / 75-82°F). Evenings and nights are not that cold yet and are at most times pleasant but cool.

June – Falling just before the winter months, it starts getting colder in the evenings and at night, where temperature can start dropping to 10°C / 50°F. In the southern desert areas it can get very cold. During the day temperatures are still pleasant between 20 - 24°C / 68 - 75°F.

July & August – Usually the coldest of the winter months. Average temperatures during the day are around 21 - 25°C / 70 - 77°F. At night it drops to around 7°C / 45°F and can fall below freezing in the southern desert areas and more northern regions of the country.

September & October – From September, daytime temperatures warm up slightly but it still isn't too hot. The morning and evening chill factor is less and skies are clear as it is still dry. During October it gets even drier throughout the country, due to the longer period without rain, and it slowly starts to get warmer during the days and evenings. Daytime temperatures can during this time get quite hot.

Wet Season – November to April (Summer)

November – It starts to really warm up as we head towards our peak summer months. It can get very hot throughout Namibia during November, but humidity is still low. Daytime temperatures can rise to 30°C / 86°F but can be a lot higher in the southern desert areas and far north of Namibia. Clouds can often be seen in the afternoons but it is not common for rain to fall yet.

December – A hot month overall with the first rains starting to fall throughout the country. When it rains it cools off a bit making for pleasant temperatures. Rains are usually in short bursts and don't last too long.

January & February – The hottest of the summer months. It can get extremely hot and humid with temperatures averaging around 30 - 35°C / 86 - 95°F but often reaching peaks of 40°C / 104°F in the southern and more northern areas of the country. Downpours are common in the afternoons but also not falling every day.

March & April – Rainfall is less throughout March and has usually stopped completely by the end of April. Daytime temperatures are cooler than in the peak of summer and the nights start to get colder. Most days will see temperatures of around 25 - 30°C / 77 - 86°F.

VISAS & PASSPORTS:

Motema Tours & Safaris does not arrange VISAS and therefore this will be your own responsibility and arrangement. If we do so, we will charge you for the services.

You can have a look at the following link for more information regarding visa requirements:

<https://www.visahq.com/>

Please check on the internet or with the Embassy whether you require a VISA to be arranged in advance or whether you can obtain it at point of entry. In some cases, it can take up to 3 months for Visas to be issued so please do not leave this to the last minute. Please note that we cannot arrange Visas from our side as the application requires your signature as well as the actual passport to be endorsed.

NB: Passports need to be valid for at least 6 months from date of departure/ the date you end your holiday.

TRAVELING WITH MINORS:

For parents travelling with children under the age of 18 into or out of South Africa, Namibia or Botswana, you need to have the child's full un-abridged birth certificate with you.

HEALTH:

COVID-19: For the latest information and updates on travel requirements and restrictions with regards to COVID:

Vaccinations:

☑ You should be up to date on routine vaccinations while traveling to any destination.

☑ Namibia does not require any specific vaccinations, however you may need to show that you have been vaccinated against Yellow Fever if you will be travelling from or via a Yellow Fever Risk country.

☑ Namibia is a malaria risk country, however this is mostly in the northern parts of the country, along the rivers and Caprivi strip. Etosha is also a risk area, but this is mostly during and shortly after the rain season. ☑ We recommend that you consult your local physician with regards to vaccinations and precautions to be taken against malaria. Your doctor will be able to advise you regarding suitable malaria prophylaxis.

Some tips against malaria:

- * Wear long sleeves and long pants in the evenings and at night
- * Use mosquito repellents at all times
- * Where mosquito nets are provided, make use of this when sleeping.

Water: Generally throughout Namibia, water is safe to drink, however bottled water is also readily available and can be purchased at all shops and lodges. Make sure you drink enough water, especially during the summer months when it can get very hot. It is a good idea to keep a water bottle filled with fresh water at all times and have this with you, especially when on activities or out and about during the heat of the day.

Water is a scarce commodity throughout Namibia, so please use water sparingly and save water where you can.

Dietary Requirements: If you have any specific dietary requirements, please advise this on booking your tour. This is also requested from you on the booking information form. This information will be given to all the lodges prior to your arrival so that this can be accommodated accordingly.

Medical Conditions: Any medical conditions you may have, needs to be noted. Please ensure that we receive this information prior to your arrival and on booking your tour. This is also requested from you on the booking information form. This includes advising us of health issues and any allergies. If you will be travelling with medication, it is best to have this properly labelled and if necessary, keep this on you at all times.

SAFETY:

Namibia is a safe country for travel with a low crime rate, however we always recommend that you take precautions where necessary and be aware of your surroundings. Some tips:

- * Keep the vehicle locked at all times
- * Do not leave valuables in the vehicle
- * Use the safes supplied at the lodges
- * Always be aware of your surroundings
- * In the streets and when sightseeing, do not carry valuables visibly on your person
- * Do not carry large sums of cash on you

We also do not recommend you travel before sunrise or after sunset, this is due to animal activity at dawn/dusk and when it is dark. Visibility in areas where there are no road lights means inability to see animals on the road and this can be dangerous.

MOBILE NETWORK & COVERAGE:

Roaming is expensive and therefore it is a good idea to make use of a local sim card when travelling in Namibia.

Sim cards can be purchased at most shops and fuel stations throughout the country and you can simply recharge with credit as you go along. If your service provider activates your sim card on request, you can also have internet

access on your phone whilst travelling.

MTC has the best coverage throughout Namibia, but it is important to keep in mind that there are areas with little to no reception. Should you wish to rent a satellite phone, this will be additional. We do not include this, due to the call tariffs involved over and above the daily rates, and therefore you can look to contact Sat4Rent for more information and to book a satellite phone, if you prefer to have one with you just in case. <https://www.sat4rent.com/>

The dialling code in Namibia is +264

WIFI:

Throughout Namibia almost all of the lodges offer WIFI connection of some sort. This is generally at the main area/ reception area of the lodge and not necessarily in the rooms. Some connections are still very slow and it is best to remember that WIFI connectivity and access to the internet is not guaranteed.

ELECTRICAL ADAPTORS NEEDED FOR NAMIBIA?

In Namibia the common power plugs and sockets are of type D and M, which have 3 round pins (as in South Africa), however sometimes plug points are also used which have 2 smaller round pins (type C and N) (as shown below). The standard voltage is 220 V.

Image of 3 pin round and two pin. These plugs will work in Namibia.

If you need an adaptor then the best adaptor to get would be a type D adaptor.

This can always be purchased in Windhoek.

PUBLIC HOLIDAYS:

In Namibia, we have set public holidays throughout the year, although some dates change annually. Below is a list of the public holidays for your reference:

01 January New Year's Day

21 March Independence Day

Varies Good Friday

Varies Easter Monday

01 May Worker's Day

04 May Cassinga Day

Varies Ascension Day

25 May Africa Day

26 August Heroes' Day

10 December International Human Rights Day

25 December Christmas Day

26 December Boxing Day

Where a public holiday falls on a Sunday, the Monday will then usually be declared a public holiday. During public holidays and often on weekends, limited shops are open and usually only until 12:00 / 13:00pm in the afternoon.

TIME:

Namibia uses the same offset as Central Africa Time Zone, which is GMT + 2 hours. Since 2018, Namibia no longer uses Daylight Savings Time in the winter months.

LANGUAGE:

The official language in Namibia is English, however German and Afrikaans are also widely used and there are numerous African languages and dialects spoken throughout the country since Namibia can be divided into at least 11 ethnic groups.

INSURANCE:

Personal / holiday insurance is for your own arrangement and we highly recommend that you ensure you have the necessary comprehensive cover before traveling.

CURRENCY:

The currency in Namibia is the Namibian Dollar (N\$). This has a fixed exchange rate to the South African Rand (ZAR) of 1:1.

South African Rand (ZAR) are accepted throughout Namibia, but it is important to keep in mind that the Namibian Dollar (N\$) is not accepted in South Africa.

Foreign currency and traveller's cheques can be exchanged at any bank throughout Namibia. There is no limit with regards to the amount of foreign currency allowed into Namibia.

CREDIT CARDS & CASH ON TOUR:

Credit cards (Visa & MasterCard) are widely accepted throughout Namibia and most lodges will accept credit cards for payments of extras. Most fuel stations accept credit cards. We do however recommend that you have cash with you at all times to pay for extras and fuel should the credit card machines be offline or if credit cards are not accepted.

We do not recommend that you carry large sums of cash with you, but rather that you only keep a limited amount on you and rather that you draw cash from ATMs or banks in the towns/ cities you will be passing through as you go along.

Further information or assistance can be obtained from any of the commercial banks in Namibia.

NB: As an indication we suggest that you have roughly ZAR 500 – ZAR 1000 (per person) on you at all times.

If you will be visiting any of our neighbouring countries it is a good idea to keep the following in mind:

* In Botswana you will have to pay in Botswana Pula (BWP) or American Dollars (US\$) * In Zimbabwe you will pay in American Dollars (US\$)

Make sure you have the local currency with you, especially at the borders to be able to make payment of your cross border fees.

FLIGHT CHECK-IN TIMES & ARRIVALS:

Check-in for international flights will be 2 hours prior to your departure flight time. For domestic flights, this is usually only 1 hour, however we always recommend being there 2 hours in advance.

Please be aware that on arrival at international airports, transfers are usually arranged for 45 minutes after your flight arrival time to allow adequate time for you to disembark the aircraft, to go through customs and immigration and to collect your luggage.

For private charter and scheduled flights, check-in times will be specified, however this will usually be 1 hour in advance of the estimated time of departure.

As you are on holiday, leave yourself ample time for transfers etc. so that your holiday can be relaxed and you can travel without any additional stress. This makes for a good start or end to your tour.

LUGGAGE:***General Flight Conditions:***

- Arrival and Departure times at the different lodges can vary and will be communicated with the lodges/agents at least the day before departure.

- On a scheduled seat rate flight routing will be planned per the number of passengers booked and their respective destinations. These are not always direct flights.

- Private charter flights mean that you will be travelling alone in the aircraft for the duration of your tour and your flight times are reasonably flexible throughout. You can discuss the flight times with your pilot as you go along.

Please note that pilot accommodation has been booked throughout as it is compulsory for private charter flights but

keep in mind that you may not have the same pilot throughout and your pilot may not stay at the lodges on all nights, if the aircraft needs to be pulled in an emergency or for maintenance.

- Type of aircraft used and luggage restrictions will be determined by the number of passengers booked and the route they travel. Below is an indication.

- Flights only operate during daylight hours. All flights take place between sunrise & sunset.

- Fuel is a major component of the cost of these services. As such we will be unable to honor these rates should the fuel price increase substantially. Should this happen we will adjust our rates and update you.

- Should the Namibian currency weaken substantially against the US\$ aircraft companies reserve the right to adjust their rates. You will be advised accordingly.

- Flight companies only fly in fair weather. Whilst every effort will be made to get you to your destination at the agreed time, flight companies will not jeopardize your safety. We are blessed with 300 days of sunshine per year in Namibia. Rarely does weather either delay, or at worse force us to cancel a flight. Should either of these scenarios occur, you will be advised immediately. Costs incurred due to or caused by these diversions/cancellations e.g. Extra accommodation, transfers, meals, missed flights, will be for the clients' account. Should the flight company have incurred any costs, we will charge full cancellation fees or only refund partially. Weather is an act of God and not at the behest of the flight company.

The crew will check en-route weather and weather at the destination carefully before embarking on the flight, but these conditions change very rapidly in Namibia.

- Flight companies can only operate into & out of airfields which are serviceable. Airfields are not owned, operated or maintained by the flight companies. This places the control over, as well as the condition of these airfields beyond the flight company's control. The flight companies will not jeopardize the safety or its operations by flying into unsafe airfields. The flight companies will be obliged to cancel a flight at short notice if it is discovered that the destination airfield is unsafe to operate into. Every effort will be sought to find an alternate airfield to fly into. However, this might not always be possible & as such the flight company may not be held liable for any inconvenience or additional costs in this regard.

- The aircraft company reserves the right to load the aircraft & seat the passengers in an arrangement of its choosing to comply with safety considerations.

- If for any reason clients missed their international connecting flights and they are delayed or not arriving on the time as originally planned (short notice cancellations / changes) we will charge full cancellation fees.

- Please inform us of passengers with a medical condition e.g. respiratory problems, diabetes, heart conditions that might require special attention and/or medication. We also need to be informed of female passengers that are

pregnant at the time of travel. Namibian Law requires a medical certificate for passengers that are past their 2nd trimester of pregnancy. Most flights are done in non-pressurized small aircraft. We would require the medical certificate to state that passengers are cleared to fly in these types of aircraft.

NB: Please inform us of passenger weights (in kilograms) soonest to determine final luggage allowances on charter flights
