### *Dune 45*

Named for its location 45 kilometres past the town of Sesriem, Dune 45 is renowned for its elegant shape, which – along with its position close to the road – have earned it the distinction of ‘most photographed dune in the world’. If

you're not keen for the strenuous hike to the top of Big Daddy, Dune 45 is a more forgiving alternative, standing at only 80 metres and featuring a much gentler gradient.

### ***Dead Vlei***

This ancient clay pan was once an oasis, studded with acacias and fed by a river that suddenly changed course, leaving the earth to dry up along with the trees it previously supported. So dry were the climatic conditions that the trees never decomposed – instead they were entirely leached of moisture so that today, 900 years later, they remain as desiccated, blackened sentinels dotting the pan's cracked surface. Surrounded by the red-pink dunes of the Namibia Desert, they create a surreal spectacle that is a photographer's dream.

### ***Sossusvlei***

Located in the scenic Namib-Naukluft National Park, Sossusvlei is where you will find the iconic red sand dunes of the Namib. The clear blue skies contrast with the giant red dunes to make this one of the most scenic natural wonders of Africa and a photographer's heaven. This awe-inspiring destination is possibly Namibia's premier attraction, with its unique dunes rising to almost 400 metres - making them some of the highest in the world. ### ***Sesriem Canyon***

Sesriem Canyon is a captivating natural wonder located in the heart of the Namib Desert in Namibia. Carved over millions of years by the Tsauchab River, this narrow gorge is a testament to the power of erosion. The name Sesriem comes from the Afrikaans and Dutch words for six leather straps, which early pioneers used tied together to draw water from the deep pools within the canyon. Sesriem Canyon is not only a geological marvel but also a haven for unique desert flora and fauna, making it a popular stop for tourists exploring the surreal landscapes of the Namib Desert.

## Day 8: Toshari Lodge (Etosha Gateway), Etosha South

### Day Itinerary

**After Breakfast; Embark on an Extraordinary Etosha National Park Adventure - Where Wildlife Roams Free.**

Enter a world where wildlife roams free, and nature reigns supreme. In Etosha, you'll have the opportunity to witness Africa's iconic animals up close - from mighty elephants and graceful giraffes to regal lions and elusive leopards. Keep your camera ready as you capture these magnificent creatures in their natural habitat.

Etosha is dotted with numerous waterholes that serve as natural oases in the vast wilderness. Sit quietly at the water's edge, and be rewarded with the sight of a fascinating array of animals quenching their thirst - a spectacle you won't want to miss.

Etosha's diverse landscapes are a photographer's dream. From shimmering salt pans that stretch as far as the eye can see to vast grasslands and mopane woodlands, each corner of the park offers breathtaking vistas that evoke a sense of awe. Etosha is a haven for bird enthusiasts, with over 340 bird species gracing its skies. From striking raptors to vibrant flamingos and elegant ostriches, the park's avian diversity promises an unforgettable birdwatching experience.

Our experienced guides will lead you on thrilling game drives, sharing their wealth of knowledge about the wildlife, plant life, and the delicate ecosystems that make Etosha so extraordinary.

We offer you time to observe the animals! If you happen to be a photo enthusiast, bring along your equipment and patience to capture the unusual encounters of wildlife. You will be able to observe the groups of springboks, zebras, etc., but also the rarer species such as the black-faced impala (endemic to Namibia) or the dik-diks, the smallest African antelope. The interaction between the animals around the waterholes is often very magical in the Etosha, where you might just come across the path of a leopard or a group of lionesses hunting!

After a lunch break, it is in the animal park of Etosha that we will continue our day. You will discover abundant wildlife that you can observe on the "pan" or around the many water points of the reserve. Your guide will give you information on the species encountered.

You will take on the animal safari with your guide in your own vehicle around the park. Etosha was established in 1907, Etosha is home to 114 mammal species and more than 340 bird species.

This park is one of the largest game reserves in the world. Take full advantage of this moment to make sure that you make the most out of this safari and do not forget your binoculars too long: we never tire of scanning the horizon for having flushed a cat under an acacia or a troop of elephants strolling nonchalantly through the huge Salt Lake that gave his name at the park.

☑ Namibia does not require any specific vaccinations, however you may need to show that you have been vaccinated against Yellow Fever if you will be travelling from or via a Yellow Fever Risk country.

☑ Namibia is a malaria risk country, however this is mostly in the northern parts of the country, along the rivers and Caprivi strip. Etosha is also a risk area, but this is mostly during and shortly after the rain season. ☑ We recommend that you consult your local physician with regards to vaccinations and precautions to be taken against malaria. Your doctor will be able to advise you regarding suitable malaria prophylaxis.

Some tips against malaria:

- \* Wear long sleeves and long pants in the evenings and at night
- \* Use mosquito repellents at all times
- \* Where mosquito nets are provided, make use of this when sleeping.

**Water:** Generally throughout Namibia, water is safe to drink, however bottled water is also readily available and can be purchased at all shops and lodges. Make sure you drink enough water, especially during the summer months when it can get very hot. It is a good idea to keep a water bottle filled with fresh water at all times and have this with you, especially when on activities or out and about during the heat of the day.

Water is a scarce commodity throughout Namibia, so please use water sparingly and save water where you can.

**Dietary Requirements:** If you have any specific dietary requirements, please advise this on booking your tour. This is also requested from you on the booking information form. This information will be given to all the lodges prior to your arrival so that this can be accommodated accordingly.

**Medical Conditions:** Any medical conditions you may have, needs to be noted. Please ensure that we receive this information prior to your arrival and on booking your tour. This is also requested from you on the booking information form. This includes advising us of health issues and any allergies. If you will be travelling with medication, it is best to have this properly labelled and if necessary, keep this on you at all times.

**SAFETY:**

Namibia is a safe country for travel with a low crime rate, however we always recommend that you take precautions where necessary and be aware of your surroundings. Some tips:

- \* Keep the vehicle locked at all times
- \* Do not leave valuables in the vehicle
- \* Use the safes supplied at the lodges
- \* Always be aware of your surroundings
- \* In the streets and when sightseeing, do not carry valuables visibly on your person
- \* Do not carry large sums of cash on you

We also do not recommend you travel before sunrise or after sunset, this is due to animal activity at dawn/dusk and when it is dark. Visibility in areas where there are no road lights means inability to see animals on the road and this can be dangerous.

**MOBILE NETWORK & COVERAGE:**

Roaming is expensive and therefore it is a good idea to make use of a local sim card when travelling in Namibia.

Sim cards can be purchased at most shops and fuel stations throughout the country and you can simply recharge with credit as you go along. If your service provider activates your sim card on request, you can also have internet

access on your phone whilst travelling.

MTC has the best coverage throughout Namibia, but it is important to keep in mind that there are areas with little to no reception. Should you wish to rent a satellite phone, this will be additional. We do not include this, due to the call tariffs involved over and above the daily rates, and therefore you can look to contact Sat4Rent for more information and to book a satellite phone, if you prefer to have one with you just in case. <https://www.sat4rent.com/>

The dialling code in Namibia is +264

#### **WIFI:**

Throughout Namibia almost all of the lodges offer WIFI connection of some sort. This is generally at the main area/ reception area of the lodge and not necessarily in the rooms. Some connections are still very slow and it is best to remember that WIFI connectivity and access to the internet is not guaranteed.

#### ***ELECTRICAL ADAPTORS NEEDED FOR NAMIBIA?***

In Namibia the common power plugs and sockets are of type D and M, which have 3 round pins (as in South Africa), however sometimes plug points are also used which have 2 smaller round pins (type C and N) (as shown below). The standard voltage is 220 V.

Image of 3 pin round and two pin. These plugs will work in Namibia.

If you need an adaptor then the best adaptor to get would be a type D adaptor.

This can always be purchased in Windhoek.

#### **PUBLIC HOLIDAYS:**

In Namibia, we have set public holidays throughout the year, although some dates change annually. Below is a list of the public holidays for your reference:

01 January New Year's Day

21 March Independence Day

Varies Good Friday

Varies Easter Monday

01 May Worker's Day

04 May Cassinga Day

Varies Ascension Day

25 May Africa Day

26 August Heroes' Day

10 December International Human Rights Day

25 December Christmas Day

26 December Boxing Day

Where a public holiday falls on a Sunday, the Monday will then usually be declared a public holiday. During public holidays and often on weekends, limited shops are open and usually only until 12:00 / 13:00pm in the afternoon.

#### **TIME:**

Namibia uses the same offset as Central Africa Time Zone, which is GMT + 2 hours. Since 2018, Namibia no longer uses Daylight Savings Time in the winter months.

#### **LANGUAGE:**

The official language in Namibia is English, however German and Afrikaans are also widely used and there are numerous African languages and dialects spoken throughout the country since Namibia can be divided into at least 11 ethnic groups.

**INSURANCE:**

Personal / holiday insurance is for your own arrangement and we highly recommend that you ensure you have the necessary comprehensive cover before traveling.

**CURRENCY:**

The currency in Namibia is the Namibian Dollar (N\$). This has a fixed exchange rate to the South African Rand (ZAR) of 1:1.

South African Rand (ZAR) are accepted throughout Namibia, but it is important to keep in mind that the Namibian Dollar (N\$) is not accepted in South Africa.

Foreign currency and traveller's cheques can be exchanged at any bank throughout Namibia. There is no limit with regards to the amount of foreign currency allowed into Namibia.

**CREDIT CARDS & CASH ON TOUR:**

Credit cards (Visa & MasterCard) are widely accepted throughout Namibia and most lodges will accept credit cards for payments of extras. Most fuel stations accept credit cards. We do however recommend that you have cash with you at all times to pay for extras and fuel should the credit card machines be offline or if credit cards are not accepted.

We do not recommend that you carry large sums of cash with you, but rather that you only keep a limited amount on you and rather that you draw cash from ATMs or banks in the towns/ cities you will be passing through as you go along.

Further information or assistance can be obtained from any of the commercial banks in Namibia.

NB: As an indication we suggest that you have roughly ZAR 500 – ZAR 1000 (per person) on you at all times.

If you will be visiting any of our neighbouring countries it is a good idea to keep the following in mind:

\* In Botswana you will have to pay in Botswana Pula (BWP) or American Dollars (US\$) \* In Zimbabwe you will pay in American Dollars (US\$)

Make sure you have the local currency with you, especially at the borders to be able to make payment of your cross border fees.

**FLIGHT CHECK-IN TIMES & ARRIVALS:**

Check-in for international flights will be 2 hours prior to your departure flight time. For domestic flights, this is usually only 1 hour, however we always recommend being there 2 hours in advance.

Please be aware that on arrival at international airports, transfers are usually arranged for 45 minutes after your flight arrival time to allow adequate time for you to disembark the aircraft, to go through customs and immigration and to collect your luggage.

For private charter and scheduled flights, check-in times will be specified, however this will usually be 1 hour in advance of the estimated time of departure.

As you are on holiday, leave yourself ample time for transfers etc. so that your holiday can be relaxed and you can travel without any additional stress. This makes for a good start or end to your tour.

**LUGGAGE:*****General Flight Conditions:***

- Arrival and Departure times at the different lodges can vary and will be communicated with the lodges/agents at least the day before departure.

- On a scheduled seat rate flight routing will be planned per the number of passengers booked and their respective destinations. These are not always direct flights.

- Private charter flights mean that you will be travelling alone in the aircraft for the duration of your tour and your flight times are reasonably flexible throughout. You can discuss the flight times with your pilot as you go along.

Please note that pilot accommodation has been booked throughout as it is compulsory for private charter flights but

keep in mind that you may not have the same pilot throughout and your pilot may not stay at the lodges on all nights, if the aircraft needs to be pulled in an emergency or for maintenance.

- Type of aircraft used and luggage restrictions will be determined by the number of passengers booked and the route they travel. Below is an indication.

- Luggage Detail:

Scheduled Seat Rate Flights:

- STRICTLY not more than 20kg in small soft bags only.

Inclusive of hand luggage per person.

Provided that the pax all have an average weight of 80kg each.

Private Charter Flights:

- **2 Pax:** STRICTLY not more than 25kg in small soft bags only.

Inclusive of hand luggage per person.

Provided that the pax all have an average weight of 80kg each.

- **3 Pax:** STRICTLY not more than 15kg in small soft bags only.

Inclusive of hand luggage per person.

Provided that the pax all have an average weight of 80kg each.

- **4 Pax:** STRICTLY not more than 10kg in small soft bags only.

Inclusive of hand luggage per person.

Provided that the pax all have an average weight of 80kg each.

- Flights only operate during daylight hours. All flights take place between sunrise & sunset.

- Fuel is a major component of the cost of these services. As such we will be unable to honor these rates should the fuel price increase substantially. Should this happen we will adjust our rates and update you.

- Should the Namibian currency weaken substantially against the US\$ aircraft companies reserve the right to adjust their rates. You will be advised accordingly.

- Flight companies only fly in fair weather. Whilst every effort will be made to get you to your destination at the agreed time, flight companies will not jeopardize your safety. We are blessed with 300 days of sunshine per year in Namibia. Rarely does weather either delay, or at worse force us to cancel a flight. Should either of these scenarios occur, you will be advised immediately. Costs incurred due to or caused by these diversions/cancellations e.g. Extra accommodation, transfers, meals, missed flights, will be for the clients' account. Should the flight company have incurred any costs, we will charge full cancellation fees or only refund partially. Weather is an act of God and not at the behest of the flight company.

The crew will check en-route weather and weather at the destination carefully before embarking on the flight, but these conditions change very rapidly in Namibia.

- Flight companies can only operate into & out of airfields which are serviceable. Airfields are not owned, operated or maintained by the flight companies. This places the control over, as well as the condition of these airfields beyond the flight company's control. The flight companies will not jeopardize the safety or its operations by flying into unsafe airfields. The flight companies will be obliged to cancel a flight at short notice if it is discovered that the destination airfield is unsafe to operate into. Every effort will be sought to find an alternate airfield to fly into. However, this might not always be possible & as such the flight company may not be held liable for any inconvenience or additional costs in this regard.

- The aircraft company reserves the right to load the aircraft & seat the passengers in an arrangement of its choosing to comply with safety considerations.

- If for any reason clients missed their international connecting flights and they are delayed or not arriving on the time as originally planned (short notice cancellations / changes) we will charge full cancellation fees.

- Please inform us of passengers with a medical condition e.g. respiratory problems, diabetes, heart conditions that might require special attention and/or medication. We also need to be informed of female passengers that are

pregnant at the time of travel. Namibian Law requires a medical certificate for passengers that are past their 2nd trimester of pregnancy. Most flights are done in non-pressurized small aircraft. We would require the medical certificate to state that passengers are cleared to fly in these types of aircraft.

NB: Please inform us of passenger weights (in kilograms) soonest to determine final luggage allowances on charter flights

- \* Swimming costume
